

how

**Sports** There are indoor and outdoor sports facilities for students to engage in their leisure. In the St. Gabriel Building is a large games room for table tennis and other indoor games. On the second floor of the King Solomon Hall are fully-equipped fitness, aerobics and table tennis rooms. Behind the King Solomon Hall are tennis courts and grounds for football, beach volleyball and petanque. And behind the Queen of Sheba Hall are an athletics field, a swimming pool and a gymnasium for badminton, squash, volleyball etc. In the King's Court are basketball and takraw.

**Entertainment/Food/Shopping** At free time students can enjoy strolling along the garden areas, play sports or go shopping in the plaza. There is a big cafeteria, which opens during the day, and other food and snack shops in the plaza. The huge ABAC bookstore in the plaza sells many things apart from books, such as attractive knick-knacks and various souvenirs. Students can indulge in reading or daydreaming at many nice quiet corners. There are beautiful spots to take pictures and a photo shop in the plaza for those whose passion is photography.

**Facilities/Services** Au is a founding organization of the Internet Society. At Au, students enjoy the privilege of an educational system employing the latest information technology and an electronic library. They experience life in an international community that encourages them to participate in globalization. The university has all the modern conveniences for daily needs including transportation. Shuttles run all day between various points in Bangkok and the Bangna Campus. It takes forty-five minutes from Hua Mak to Bangna Campus. There are centres which provide student advice and counseling on all aspects of classroom and out-of-classroom learning, career, physical and mental health, and welfare.

**Faculty** Assumption University began as a business administration college and consequently maintains a strong focus on both undergraduate and postgraduate business degree programs. Its Faculty of Business Administration and its Post Graduate Management Programs are well known and respected. With globalization and an increased demand for multi-lingual communications experts, the University's Faculty of Arts provides much sought-after specialization in Business English, Chinese and Japanese language programs while the Faculties of Law and Risk Management have further contributed to the overall education of the business student.

**IT** In keeping with the growing demand for information technology, Au has developed and fostered the expansion of its highly respected Faculty of Science & Technology and Engineering Faculty. It has been a leader in the use and introduction of Internet technology and is regarded as the most technologically advanced University in Thailand. Au currently offers 25 Masters and Doctoral degree programs in information technology fields such as Computer Information Systems, Computer & Engineering Management, Internet & Multimedia Engineering, Telecommunication & Computer Network Engineering, Broadband Telecommunications, Computer Science, Telecommunications Management, Technology Management, and Information Technology to name a few.

**Graduate** Today Au is considered the leading private university in Thailand in the fields of Business, Management and Information Technology, as demonstrated by the placement of many of its graduates in key management and technological positions in industry, government, banking and multi-

national conglomerates. Many of them have become prominent entrepreneurs.

**Diversity** A range of additional undergraduate degree programs serve to round out the University's appeal in the fields of Nursing Science, Communication Arts, Biotechnology, and Architecture. In the area of postgraduate studies, advanced studies are also offered in the fields of Counseling Psychology, Philosophy, Education, Tourism Management and English Language Teaching.

**Global** Assumption University is known as the first International University of Thailand, having both a large international student body as well as an international faculty. Students from more than 50 nations around the world have come to Au because of its academic excellence and the fact that English is the medium of instruction. It is the only University in Thailand where all courses (except law) are taught in English by a faculty that is 52% non-Thai. Its international instructors bring with them a wealth of multi-cultural experience and training from more than 30 different countries.

**Admissions** Students may apply for admission by contacting the Office of the Registrar or by completing an on-line application via the Internet. Full details are provided on its website at [www.au.ac.th](http://www.au.ac.th) and questions may be answered via e-mail by writing to [abac@au.ac.th](mailto:abac@au.ac.th). Applications are accepted continuously for admittance to its semester-based undergraduate degree programs beginning 1 June and 1 November, and trimester based graduate degree programs beginning in January, May and September. Additional admittance times are available to international students or to Thai students returning from overseas.
