I would like to present "Li-kay" in the different point of view by showing their process ranges from the preparation process to the stage of performance. In order to bring you to the whole new world and gain more understanding of Li-kay, then hope people will recognize the importance of this traditional performance and help to support and maintain this brilliant performance to exist with Thai culture forever.

I try to communicate all of aspect about Likay to public. For remind Thai people that we should preserve. Because, Likay is beautiful and fascinating Thai art culture.
